(54) FOLDABLE PORTABLE TELEPHONE SET

(57)Abstract:

PROBLEM TO BE SOLVED: To provide a foldable portable radio telephone set which can immediately execute communication without an opening/closing operation and superior in operability.

SOLUTION: A connection part 9 having a turn shaft 7 becoming a shaft at the time of folding and a turn shaft 8 becoming a shaft when a first casing 3 turns in a holding direction as an axis line in a state where the first casing 3 and a second casing 6 are opened is provided between the first casing 3 and the second casing 6. A second transmission part 10 substituted for a first transmission part 4 in a folded state is installed in the connection part 9. A second reception part substituted for a first reception part 1 in the folded state is installed at the back of the reception face of the first casing 3.
